Load a Dataset

```python
import pandas as pd

# Example dataset
data = {
    "documents": [
        "Text mining is fun",
        "Text mining helps extract insights",
        "Data science involves text mining",
        "Fun with machine learning and mining",
        "Artificial intelligence drives innovation",
        "Machine learning is a subset of AI",
        "Deep learning uses neural networks",
```
